### From 22 October to 15 November 2019, the Media Literacy Network will be holding the Media Literacy Days event. This is the way by which our country is taking part in the 8th UNESCO Global Media and Information Literacy Week, due to take place from 24 to 31 October 2019. The aim of the Media Literacy Days is to raise public awareness of the importance of media literacy, among different categories of citizens of all age groups and to provide a platform for collaboration among professionals coming from different social spheres of action. The Network has 53 members. In the organization of Media Literacy Days 2019, ten of them took organization activities which will be held under the motto: "STOP, THINK, CHECK!!"
